About Ralf Reichert

Since his early days Ralf Reichert is dedicated to eSports. Along with the dispersal of the Internet and the possibility of online-gaming involved, Ralf Reichert's ambition emerged to compete with other national and even international gamers. During this time Ralf Reichert established the worldfamous clan SK-Gaming. This challenge built the foundation for his following career. His philosophy of life is to "cut your own path". Ralf Reichert likes eSports because of the parallels to traditional sports. As a former soccer-player of Rot-Weiß Oberhausen he knows the requirements to professional sportsmen.
